 (This song maybe is in D...I dunno)

COOL song... the solo is super good.  
 Too bad it is a cover... John5 plays the solo very  
 well...I love him. This song was a bicht tabing but I did it.  
 Hope you like  
 (Use a littel vibration after hiting the chord)

Note:  
 Fun little solo that fits in the song. Easy like hell but very  
 fun to play.  
 I'm to more John Petrucci (Dream Theater) Stuff now so  
 now I think tabing this is very easy comperd to Mr Petruccis  
 solos.  
 But I Still love you John5. Hope you understand this tab.  
 Enjoy
