

Marilyn Manson - White Trash

WHITE TRASH

(arn't we all)

This is the acoustic version of Marilyn Manson's Cake and Sodomy called 'White Trash.' Performed by Tony Wiggins...Danzig's bus driver 8)

this is fairly difficult for me to tab on my electric because the sound is no where close....just kinda nutty to do. so don't be too pissed if it's off, it'll give you an idea. i like to play this one around the campfire, singing to little boy & girl scouts. if yer lucky, you'll get a cookie...and of course, if your reeeeeall lucky, you'll eat a brownie :P

pretty much just variations on that...hope you enjoy it as much as i do.

have fun.
