

# Marina And The Diamonds - Venus Fly Trap

tom:  
Intro: Am A D F  
Whatever you give life you will get back  
Why be a wallflower when you can be a Venus fly trap?

[Primeira Parte]

I never quite fit in  
To that Hollywood thing (Ah)  
I didn't play that game  
For the money or the fame (Oh)

[Pré-Refrão]

I did it my way, baby  
Nothing in this world could change me

[Refrão]

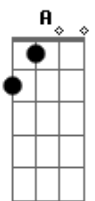

Don't underestimate me  
'Cause one day you're gonna see you're in a losing battle  
Babe you'll never stop me being me  
I got the beauty, got the brains  
Got the power, hold the reins  
I should be motherfucking crazy  
Nothing in this world could change me

[Segunda Parte]

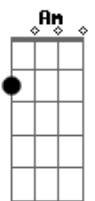

I sacrificed it all for a life to call mine  
All the love and security  
To be myself, oh I  
I know that money ain't important (Ah)  
And it don't mean you're the best (Oh)  
But I earned it all myself  
And I'm a millionairess

[Pré-Refrão]

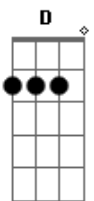

Am F D

They'll shame you, blame you  
Pretend to even hate you  
Take away your rights  
Pacify you with their lies  
Whatever you give life  
You are gonna get back

When you can be a Venus fly trap?
