

Marina Sampaio - Universe

```
There is a whole universe
I saw a universe in your eyes
Thinking that I would only find stars
When looking
A
At the sky
Illuminate me with the brightness
Of the stars
Let me board that spaceship
Cause in your eyes
There is a whole universe
Illuminate me with the brightness
Of the stars
Let me board that spaceship
Cause in your eyes
E7
There is a whole universe
I saw a universe in your eyes
Please if you don't mind let me share with you
My heart
Tonight
```
