Eb **Bb**
I?ve been around for some time now

Running for this cycle of what let me down
Eb **Bb**
From every empty corner that I pursue

Neither of them leads me to you

I open my mouth but no one listen to
It?s a bunch of phones, lights, eyes
Eb
Where are you?

I keep pushing these people away **Gm**
F
You won?t believe what they always say

Eb **G**
How I?ll keep my head up high?
D
If my time passes by

I lie

Eb **G**
If no one sees me holding your crown
Dm **Eb**
I bet now they will burn you down

That?s only one more attitude
Dm **Eb**
Did you search deeply for my solitude?

I got a lot of work to do
Dm
You can find me, but I?ll loose you
Eb
Hop in, let me give you a ride
D
Do you mind, if I show you what?s inside?

Eb
Forget what is pretty

Stop ask for their pity

The room is completed when you are in it **Eb**

Are you sure do you wanna leap? **Eb7M**
Your lions are asleep **D**
We can?t dig deep **Eb7M**

Turn off this act
Eb
Why you do that
Dm **Eb7M**
Either way, I?ll respect

Eb
The stories that we tell
Fooling ourselves to feel well
Asking around for permission
The at-t-tack is the ambition
I saw you going back
Feeling lonely **G**
Feeling less
Feeling nothing

Wearing sunglasses and looking in the mirror **Eb**

Hating yourself and think that you?re inferior

When you?ll realize you can be you biggest enemy

It?s a world epidemy
