

Mario Biondi - Upside Down (Flor de Lis)

tom: G

Because of you my life is upside down
 I love you any how
 But this is much too much to bear
 You don't believe in me
 Sometimes you disappear
 And when I think you're near
 You are so far away, far away
 Far away, far away
 (So) Tell me please, what is it I can do?
 I have my hopes, it's true
 And if it's my mistake to love you

Please don't take me wrong
 You know I'm not that strong
 Make up your mind, do please
 I can not live like this
 Now it's your turn, to show me
 You also have some feelings
 Some feelings
 All I want is just another
 Chance to love you
 And then you see me flying
 So high up in the sky
 (So) Be what you are, but please
 Let me believe you are mine
