

# Marisa Monte - O Céu

Tom: G

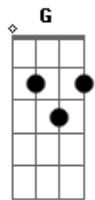

Intro: G F

O céu vai tão longe está perto  
 o céu fica em cima do teto  
 o céu tem as quatro estações  
 escurece de noite, amanhece com o sol  
  
 O céu serve a todos  
 o céu ninguém pode pegar

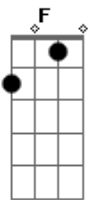

o céu cobre a terra e a lua  
 entra dentro do quarto, rua do avião

F G  
 F Dentro do universo mora o céu  
 O céu pára-quedas e saltos  
 o céu vai do chão para o alto  
 o céu sem começo nem fim  
 para sempre serei seu fã  
 Olhai pro céu, olhai pro chão
