

Maroon 5 - July

Tom: A

(intro) A Gbm D E

A
Somebody left me on the line
Gbm
Sitting on the other end for a long, long time
D E
And I don't know what to make of all of this.

A
And now that summer's here
Gbm D
I think so much of that and all the tears are dried, but now
E
And I'm singing a song, a song I heard for the first time this
time last year

(refrão)
D A
Is it me or does it feel like July?
Gbm E
'Cause my soul's as warm as the weather outside
D A E
And my passion for you has returned all the color to my face
(No Chord)
But I'm smiling again.

(verso)
(A Gbm D E)

A
And now that the moment's right,
Gbm
We're gonna talk silly and it's reeling inside
D E
When is the last time you have been kissed like that?

(refrão 2)

D A
It's the time in the middle of the night
Gbm E
When our bodies are turned and our lips are wrapped tight
D A E
And I'm lost once again in the riptides of an unusual face
(No chord)
But I'm smiling again.

(ponte)

A Gbm D E

(refrão)

D A
Is it me or does it feel like July?
Gbm E
'Cause my soul is as warm as the weather outside
D A E
And my passion for you has returned all the color to my face.
(No chord)
But I'm smiling again.

(outro) A Gbm D E
