Bm
I wake up with blood-shot eyes
Bm
Struggled to memorize
Bm
The way it felt between your thighs
Bm
Pleasure that made you cry
Bm
Feels so good to be bad
Bm
Not worth the aftermath
Bm
After that, after that
Bm (Bm - A)
Try to get you back

[Bridge]

G **A**
I still don't have the reason
G **A**
And you don't have the time

If I ever gave a fuck about you

[Chorus]

Bm **A**
Give me something to believe in
G
Cause I don't believe in you
Gb7
Anymore, Anymore
Bm **A** **G**
I wonder if it even makes a difference to try
Gb7
So this is goodbye

Bm
God damn, my spinning head
Bm
Decisions that made my bed
Bm
Now I must lay in it
Bm
And deal with things I left unsaid
Bm
I want to dive into you
Bm
Forget what you're going through
Bm
I get behind, make your move
Bm (Bm - A)
Forget about the truth

[Bridge]

G **A**
I still don't have the reason

I've been here before

I have no alibi

The words you say don't have a meaning
Cause..
