tom:

Intro: D D7M G7M G

[Primeira Parte]

D  
It is so easy to see  
D7M  
Dysfunction between you and me  
G7M  
We must free up these tired souls  
G  
Before the sadness kills us both  
D  
I tried and tried to let you know  
D7M  
I love you but I'm letting go  
G7M  
It may not last but I don't know  
G  
Just don't know

[Pré-Refrão]

D  
If you don't know, then you can't care  
D7M  
And I show up, but you're not there  
G7M  
But I'm waiting, and you want to  
G  
Still afraid that I will desert you

[Refrão]

D  
Every day  
D7M  
With every worthless word we get more far away  
G7M  
The distance between us makes it so hard to stay  
G  
But nothing lasts forever, but be honest babe  
D  
It hurts but it may be the only way

[Segunda Parte]

D  
A bed that's warm with memories  
D7M  
Can heal us temporarily  
G7M  
But misbehaving only makes  
G  
The ditch between us so damn deep  
D  
I built a wall around my heart  
D7M  
Never let it fall apart  
G7M  
Strangely, I wish secretly

G  
It would fall down while I'm asleep

[Pré-Refrão]

[Ponte]

Em  
Though we have not hit the ground  
G D Bm  
Doesn't mean we're not still falling, oh  
Em  
I want so bad to pick you up  
G D  
But you're still too reluctant to accept my help  
Bm A  
What a shame, I hope you find somewhere to place the blame  
But until then the fact remains
