tom:

Intro: C F C F C G

I'm Minas singer of the South of Minas

South of Minas

I'm Mountains of Minas violist. On the Minas valley

Of the city and of the corners

I'm of the closed little city, for the hills but

It's open of Heart

When it received me smiling, I admit it was really lacking

Outside of everything turned back

Now I'm happy oh little city, I'm going back to Minas

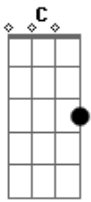

Because it sheltered me

Now I'm happy little city, I'm going back to Minas

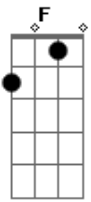

Because it sheltered me
