

## Marshmello - Happier (feat. Bastille)

```
Tom: F
                                                              I want to change my mind
           Dm
Lately, I've been, I've been thinking
                  Bb
I want you to be happier, I want you to be happier
When the morning comes
                                                              (Dm C F Bb)
When we see what we've become
In the cold light of day we're a flame in the wind
Not the fire that we've begun
           Dm
Every argument, every word we can't take back
                                                              So I'll go, I'll go
'Cause with all that has happened
                                                                     C Dm
                                                              I will go, go, go
I think that we both know the way that the story ends
                                                              So I'll go, I'll go
Then only for a minute
                                                              I will go, go, go
I want to change my mind
'Cause this just don't feel right to me
I want to raise your spirits
I want to see you smile but
Know that means I'll have to leave
(Dm C F Bb)
Know that means I'll have to leave
                    С
Lately, I've been, I've been thinking
                   Bb
I want you to be happier, I want you to be happier
When the evening falls
And I'm left there with my thoughts
And the image of you being with someone else
                                                              (Dm C F Bb)
Well, it's eating me up inside
But we ran our course, we pretended we're okay
                            Bb
Now if we jump together at least we can swing
Far away from the wreck we made
                                                              So I'll go, I'll go
Then only for a minute
                                                              I will go, go, go
Acordes
```

```
'Cause this just don't feel right to me
I want to raise your spirits
I want to see you smile but
Know that means I'll have to leave
Know that means I'll have to leave
Lately, I've been, I've been thinking
                   Bb
I want you to be happier, I want you to be happier
Lately, I've been, I've been thinking
I want you to be happier, I want you to be happier
Even though I might not like this
I think that you'll be happier, I
Want you to be happier
Then only for a minute
I want to change my mind
'Cause this just don't feel right to me
I want to raise your spirits
I want to see you smile but
Know that means I'll have to leave
Know that means I'll have to leave
Lately, I've been, I've been thinking
I want you to be happier, I want you to be happier
```
