

Marshmello - Leave Before You Love Me (feat. Jonas Brothers)

tom:

Intro: G D G

I see you calling G
 I didn't wanna leave you like that Em
 It's five in the morning, yeah, yeah C
 A hundred on the dash D
 'Cause my wheels are rolling G
 Ain't taking my foot off the gas Em
 And it only took the one night C
 To see the end of the line D
 Staring deep in your eyes, eyes D
 Dancing on the edge G
 'Bout to take it too far Em
 It's messing with my head C
 How I mess with your heart C
 If you wake up in your bed C
 Alone in the dark D
 I'm sorry, gotta leave before you love me D
 Ay, ay, leave before you love me G
 Ay, ay, leave before you love me Em
 Ay, ay, leave before you love me C
 Ay, ay, leave before you love me D
 Ay, ay, leave before you love me D
 I'm so good at knowing G
 Of when to leave the party behind Em
 C

Don't care if they notice, yeah, yeah, no
 I'll just catch a ride D
 I'd rather be lonely, yeah G
 Than wrapped around your body too tight Em
 Yeah, I'm the type to get naked C
 Won't give my heart up for breaking D
 'Cause too gone to be stayin'
 Staying' (Dancing on)
 Dancing on the edge G
 'Bout to take it too far Em
 It's messing with my head C
 How I mess with your heart C
 If you wake up in your bed C
 Alone in the dark D
 I'm sorry, gotta leave before you love me D
 Ay, ay, leave before you love me G
 Ay, ay, leave before you love me Em
 Ay, ay, leave before you love me C
 Ay, ay, leave before you love me D
 Ay, ay, leave before you love me D
 Dancing on the edge, take it too far G
 Messing with my head Em
 How I mess with your heart C
 I'm sorry, alone in the dark C
 I'm sorry D
 Ay, ay, leave before you love me D
