(forma dos acordes no tom de G)

Intro: Em7 C G Bm

Em7 C
Summer nights all align

G Bm
As we drown in the moonlight

Em7 C
We collide in plain sight

G Bm
Yeah, I know we'll be alright

Em7 C
And we come alive, we run the night with strangers

G Bm
'Cause in the end, we're all familiar faces

Em7 C
We're young and wild, enjoy the ride, we made it

G Bm
We made it

Em7 C
I don't need no sleep

G Bm
'Cause I'm already dreaming, already dreaming

Em7 C
Say you'll never leave

G Bm
Because I love the feeling, I love the feeling

Em7 C
Find myself awake at night

G Bm
See you through my lucid eyes

Em7 C
Oh, I don't need no sleep

G Bm
'Cause I'm already dreaming, already dreaming

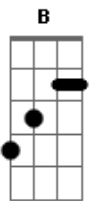

Em7 C
I don't need no sleep

G Bm
'Cause I'm already dreaming, already dreaming

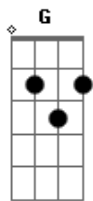

(Em7 C G Bm)
