

Martin Hall - I Go Blind

tom:

G

Out of the darkness
 Into the light
 Don't let it go easy
 Not without a fight

No matter the distance
 And how far I run
 You'll always be missing
 And the day it's time

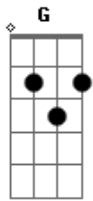

Hey love, the truth is that I really know why
 I just let your wild in this side
 Cause I go blind when I try to find you
 As I go blind when I try to find you

(Eb Ab Cm Ab)

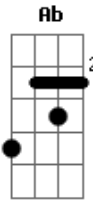

So what's your connection?
 What is your truth?
 What's your prediction?
 To know for why us?
 But we live colored dreams
 It's perfect clear
 I still presence that taste
 When you are not there

Hey love, the truth is that I really know why
 I just let your wild in this side
 Cause I go blind when I try to find you
 As I go blind when I try to find you
 But I'll find you
