

# Marvin Gaye - Symphony

Tom: C

Symphony  
 She's only known as symphony  
 Melody, yeah  
 Crept- crept into the soul of me  
 Symphony, yeah  
 She's sort of like a song, she moves along  
 In perfect rhyme, oh la la  
 Right now feel perfect time, baby  
 You and me to slip away, slip away  
 Let our song begin to play, yeah baby  
 Make me the one, darling  
 Only one who know the bliss

Of knowing a kiss  
 All the love of symphony, symphony, woo  
 Like violins, music begins  
 It starts to swell, then I can tell  
 That pretty soon we going to be in tune  
 Our hearts will be in perfect harmony  
 Symphony  
 Got my heart hit like a tender beat, "boom Boom"  
 When you want me, send for me, "cha cha, cha cha"  
 And I'll come and love you tenderly  
 Hey oh, I'll do the things girl  
 Oh making you feel that my love is for real for you  
 Symphony, symphony, oh  
 Do the thing makes you feel that I love you darling
