

# Masked Wolf - Say So

tom:

A

If we say so then we say so 'cause we with it  
 If we lay low then we lay low 'cause we chilling  
 Everybody gotta say they ball  
 Even when their castle's about to fall, yeah yeah  
 If we say so then we say so 'cause we with it  
 If we lay low then we lay low 'cause we chilling  
 Everybody gotta say they ball  
 Even when their castle's about to fall, yeah yeah

You been tryna act like it's okay  
 But I can see you trapped in the hallway  
 Telling everybody that you'll manage it out  
 You been try throw all them damages out  
 Why you tryna play it like 2K  
 Y'all just acting like it's too late  
 I can see you cooking like soufflé

Y'all just need to kick it like Liu Kang

Wait, problems don't go away  
 Lies don't go away, mind won't go away, facts  
 Time will go away, minutes will fade away  
 Can't do anything to get it right back

If we say so then we say so 'cause we with it  
 If we lay low then we lay low 'cause we chilling  
 Everybody gotta say they ball  
 Even when their castle's about to fall, yeah yeah

If we say so then we say so 'cause we with it  
 If we lay low then we lay low 'cause we chilling  
 Everybody gotta say they ball  
 Even when their castle's about to fall, yeah yeah

Dollars in the bank won't change you  
 What's hiding in your safe won't make you  
 Why you worried 'bout the clothes with the labels?  
 Yeah, the car with the horse like a stable  
 Back then, shorty don't hit my line  
 Back then, they left me hanging like clotheslines  
 Nowadays we gon' chill like it's ice  
 Now they wanna ring me like me like fight, wait  
 Why she need Gucci, Chanel to live very well?  
 I can't tell, yeah, I don't know  
 Why she need makeup on to feel beautiful  
 I can't tell, yeah, I don't know

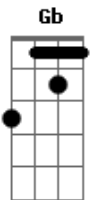

If we say so then we say so 'cause we with it  
 If we lay low then we lay low 'cause we chilling  
 Everybody gotta say they ball  
 Even when their castle's about to fall, yeah yeah  
 If we say so then we say so 'cause we with it  
 If we lay low then we lay low 'cause we chilling  
 Everybody gotta say they ball  
 Even when their castle's about to fall, yeah yeah

If you say so, yeah
