

Mat Kearney - Crashing Down

tom:

G

[Primera Parte]

These back steps are steeper to the ground
 The brightest stars are falling down
 I'm walking the edge, walking the tightest rope
 We can be frank, reality rips on through
 Rolling like a hurricane
 I'm over the bridge and under the rain

[Pré-Refrão]

If everything's falling, if everything's changed
 If I'm in the open, if I'm in the way

[Refrão]

What am I doing here
 If you're not with me
 What have I got to live for
 If it's just my own dream

Take it back to the beginning
 Back to the start
 When gravity's pulling
 You're still holding my heart
 You come crashing down
 Crashing down

[Segunda Parte]

These four walls are closing in on me
 The talk is louder than I'll sing
 I want to be there, want to be where you are
 But you know it all

Every look and smile that aren't meant to break
 I'm over the bridge and under the rain

[Pré-Refrão]

If everything's falling, if everything's changed
 If I'm in the open, if I'm in the way

[Refrão]

What am I doing here
 If you're not with me
 What have I got to live for
 If it's just my own dream

Take it back to the beginning
 Back to the start
 When gravity's pulling
 You're still holding my heart
 You come crashing down
 Crashing down

[Ponte]

And you say that everything is different
 Why don't we just hold on
 And you say that everything is different
 Why don't we just hold on

[Final]

Crashing down
 Crashing down
 Crashing down
 Crashing down
 You, crashing down
 You, crashing down

Acordes
