

Mat Mchugh - Go Don't Stop

tom:

Intro: Am Dm G C G
Am Dm G C G

[Primeira Parte]

I've been holding out for way too long
Been hoping you say you're mine
I've been so in doubt you'll play along
Down low and always behind
So, go slow, don't rush, don't care too much
Don't make me hold onto you
Girl, beware you touch me just enough
And maybe I'll play your fool

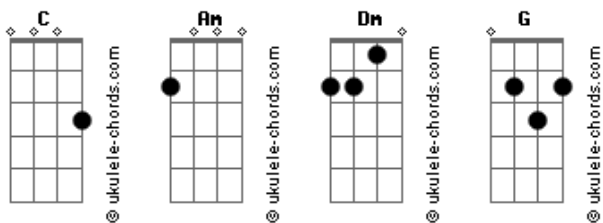

[Refrão]

Be singing
Go, don't stop
Won't feel no strain, no pop
Won't be no lonely days, not anymore
Keep saying
Go, don't quit
Just stay, get used to it
Won't be no lonely waves run to the shore
To the shore, to the shore
(Dm G C G)
(Am Dm G C G)

[Segunda Parte]

It's a waitin', chancin', true romancin'
Stay, we're too young to go, lights are fading

Acordes

Dancing crazy like there's maybe too much to know
It's the same old life, all pay the price
No dice, we all fall for love
Run away, think twice, no sacrifice, no stalling, no push and shove
[Refrão]
Just singin'
Go, don't stop
Won't feel no strain, no pop
Won't be no lonely days, not anymore
