

Matanza - Devil Horse

Tom: **A**
 (com acordes na forma de)
 Intro:

This is a song about devil horse, devil horse
 The most strong blacktrunck of stormville
 This a song about devil horse, devil horse
 And try to see how deep the hell is

And now it's gone there's no horse like him
 And now it's gone there's no horse like him

So they made a whisky called devil horse
 And try to see how deep the hell is

So they made a whisky called devil horse
 And try to see how deep the hell is

And now it's gone there's no horse like him
 And now it's gone there's no horse like him

And since 1899
 There's bad moon rising
 Thunder from the skies
 And trouble on the way

Take the same old train
 Get to dashville again
 Hear the devil horse claim
 Take a time of your fucking life
 Of runaway
