                          Αm
  I've been dreaming about you ?
                                     all night Long
                                                            (Bb C Am D)
  I try to talk, but I'm to shy,
                                     so I just go to a walk Bb
                    Em
                                                             I have a serious problem
                Am
  Then If I say hi .. would you even answer
                                                                                            Αm
                                                             And my problem is love
    Cause' sometimes I feel like I can
                                                            (Bb C Am D)
           Am Em
                            D
  When you smile .. to another guy
                                                           ( Bb C )
        My heart just get broken
