

Matt Beckler - So We'll Drive

tom:

Intro: G A G A
G A D A Em

And you wonder why you're dry
Of the feelings that were left inside

You when
You would cry
From the fever that would swallow

You in red
So we'll drive
Past the tickets to the memories
(Instead) So we'll drive

[Refrão]

I want you back
More than your lavender and wine
I need you back

So dear
So
We'll drive

(G A G A G A)

[And] You're tired all the time
While in breathing in

The melodies

My head
Will revive
Like a creature folly
Waiting to be fed
So we'll drive
Through the frozen,
Slow the waters left to tread
So we'll drive

[Refrão]

I want you back
More than your lavender and wine
I need you back

So dear
So
We'll drive

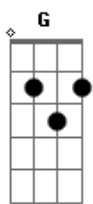

[Solo] G A
[Refrão]

I want you back
More than your lavender and wine
I need you back

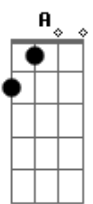

So dear
So
We'll drive

(G A G A G A)
