

Matt Costa - Wash Away

Tom: **Gb**

Tabbed out by Chris

This is an awesome song and there were no other good tabs of it so I did my best, tell me you like it: . enjoy!

Part A

Float down stream
Hea - vens high

Rivers of trees
So you fly

Flow down stream
Catch your dreams

Catch your wings
In the sky

Part B

Let ring?

But the glaciers have frozen your feet

I can't wait for eternity

And so you watched me wash away

But maybe we'll catch up someday

Maybe well catch up someday

Part C

Let it ring..
