

# Matt Maeson - Straight Razor

Tom: C

Hey Mr. Stargazer  
 Give me a straight razor  
 Don't let it all faze her  
 When minors gets so major

Cause it don't stop  
 No, it don't end

Oh when the seams, will start to wearing thin  
 Oh and we'll see, if the same thing goes for them  
 Oh and I tried to start caring like you and like them  
 When you said that I was killing myself  
 I've killed everything but my shame

Hey Mr. Trailblazer  
 Spare you a joint paper  
 It's strange how the days layer  
 And weigh on you years later

Cause it don't stop  
 No, it don't end

Oh when the seams, will start to wearing thin  
 Oh and we'll see, if the same thing goes for them  
 Oh and I tried to start caring like you and like them  
 When you said that I was killing myself  
 I've killed everything but my shame  
 Oh and I'll try to convince myself I'm worth it  
 Oh and you'll lie with your strange and fitting purpose  
 Oh and I'll try to convince myself I'm worth it  
 Oh and you'll lie with your strange and fitting purpose

Well I swore I would never go there  
 Oh, I've killed everything but my shame

Shame shame shame  
 Well I swore I would never go there  
 Oh, and healed everything but my shame

Shame shame shame  
 ( G G B7 C C )  
 ( Em B7 C C )

Hey Mr. Stargazer  
 Give me a straight razor
