

# Matt Terry - When Christmas Comes Around

Tom: G  
Intro: G

G  
Winter days, turn to grey, put the headlights on

G C  
Snow and rain, wiped away, I can't keep my eyes on the road

D G  
When I'm driving home, I got tears, running down, burning in my  
eyes and you and I, heated by the flicker of a lighter

C  
Oh, and I let it go

D G F#9- C  
But I just got here

I know it's been a while darling, dear

G C  
There's been a change in the time of year

D  
When the frost bites the snow

G  
And Christmas comes around

G  
For the down and outs

F#|9-  
And broken lay-about

C  
What will they do now?

D  
When Christmas comes around

G  
We were so in love

F#|9-  
Till I messed it up

C  
But who will love me now?

D  
When Christmas comes around

G  
Family asking me, why I let you go

G  
Telling me, its a mistake  
I'm telling them that I know

C  
But I can't call you

G  
Your inner space, better place  
Loving on a new man

G  
I don't blame you at all

C  
You did all that you can, I know

D G F#9- C  
But I just got here

D

I know it's been a while darling, dear

G F#9- C  
There's been a change in the time of year

D  
When the frost bites the snow

G  
And Christmas comes around

G  
For the down and outs  
F#|9-  
And broken lay-about

C  
What will they do now?

D  
When Christmas comes around

G  
We were so in love  
F#|9-  
Till I messed it up

C  
But who will love me now?

D  
When Christmas comes around

C G D  
And I'm sick of all the songs

G D C  
The Christmas sing-alongs

G D  
The merry and the cheer

G D C  
'Cause I don't feel like that this year

G D  
All the bells are all in sync

G D C  
And my soul is on the brink

G D  
So I'll have myself a drink, and sing  
When Christmas comes around

G  
For the down and outs  
F#|9-  
And broken lay-about

C  
What will they do now?

D  
When Christmas comes around

G  
We were so in love  
F#|9-  
Till I messed it up

C  
But who will love me now?

D  
When Christmas comes around

C  
Who will love me now?

D G  
When Christmas comes around
