

Matheus Máximo - Would U Like To Try?

Tom: E

I wish I could have you near me
 The whole time
 I wish I could touch your lips
 With mine
 I wish I could feel your breath
 Getting in my mind
 I wish I could stroll through your skin

What make you excited?
 Look into my eyes, and reply
 Would you like to try?
 I can?t think of anything
 You?re in all thoughts of my brain
 I think I'm already going insane
 My body hangs away from you
 I wanted so much that you feel it too
