

Matuê - Tropical Island Honey

tom:

Am
Always in a rush
Her daily mind she keeps sober, yeah
Got no time for touch
And on her thoughts, yeah, they keep on fighting
But the only thing she lacks is love
To bring up a fighting chance for more
Seems so far away
Yes, it looks so far away
Relies on no one but herself
She's full of spells
Waving goodbyes and farewells
She puts me on one and I felt
Beginning to swell under the sheets and hotels

Am
So love, we swear by
G
See until I
Dm
Bare in the sky
C
Beautiful lights
Am
Love is divine
G
Miracle like
Dm C
Got me feeling so right

I wanna feel your love
Am G
Come on, feel the light
Dm C
Come on, little girl, let me show you how we gon' do it right
Am G
My life is so much better, girl, and you're the reason why
Dm C
I've been really tryna tell you, girl, yeah, you're the reason why
Am F G
You're the reason why

You're the reason why
Am G
She still on the run
Dm C
And it just makes her feel lower, yeah
Am G
But soon time will come
Dm C
And destiny will show just what it's hurtin'
Am G
But the only thing she needs is touch
Dm C
To bring up a fighting chance for more
Am G
She waits it everyday
Dm C
For love to come her way
Am G
She can't wait to go back to the sea
Dm
Where she wants to be
C
Feeling the good sunny breeze
Am G
My tropical island honey
Dm
Just wanted to flee
C
And get away from the city

Am
So love, we swear by
G
See until I
Dm
Bare in the sky
C
Beautiful lights
Am
Love is divine
G
Miracle like
Dm C
Got me feeling so right

I wanna feel your love
