

Maverick City Music - Thank You

tom:
C (forma dos acordes no tom de G)
Capostrate na 5ª casa

[Primeira Parte]

I can sing a billion songs
Dance till my feet are numb
Spin till I'm empty and poor
Can't praise You enough

[Segunda Parte]

I can shout till my voice gives way
Leap till I have no strength
Lose my breath trying to explain
I can't praise You enough

[Pré-Refrão]

And if time were to stall
I can never tell it all
Words are few, this will have to do

[Refrão]

I just wanna thank You
I just wanna thank You
I just wanna thank You
Oh I'm grateful
I just wanna thank You
I just wanna thank You
I just wanna thank You
Oh I'm grateful

[Terceira Parte]

You sang till I found my song
You danced till my heart woke up
Now I move to the rhythm of love
I can't praise You enough

[Quarta Parte]

You wept till I found my strength
You lost your breath dying to save me
I'll never go back to that grave
I can't praise You enough

[Pré-Refrão]

And if time were to stall
I can never tell it all
Words are few, this will have to do

[Refrão]

I just wanna thank You
I just wanna thank You
I just wanna thank You
Oh I'm grateful
I just wanna thank You
I just wanna thank You
I just wanna thank You
Oh I'm grateful

I'm standing in the promise
Surrounded by Your goodness
You have overwhelmed us
Hallelujah
I'm standing in the promise
Surrounded by Your goodness
You're just getting started
Hallelujah

[Pré-Refrão]

And if time were to stall
I can never tell it all
Words are few, this will have to do
[Refrão]

I just wanna thank You
I just wanna thank You
I just wanna thank You
Oh I'm grateful
I just wanna thank You
I just wanna thank You
I just wanna thank You
