

# MC Marcos Eni - Uni Duni Tê do Corona Vírus

tom:

Intro: Dm Bb Dm Bb A

Testando, som  
Tão me ouvindo?

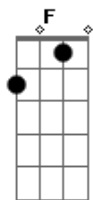

Chegamos na metade do ano  
 E quem não morreu agora é sequelado (sequelado)  
 Desgraça brota, nós faz meme e rir por fora  
 Mas no fundo tamo preocupado (preocupado)  
 Meu lado paranoia todo dia me dá três tapão  
 E grita: Vai, levanta (vai, levanta)

Eu digo: Não vou me desanimar,  
aí 2020 me dá outra banda

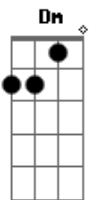

Vamo lá, vamo lá

Deus, eu não quero morrer  
 Do que mais eu vou ter que me defender?  
 Ataque das aranhas? Invasões de ET?  
 Que ano estimulado a nos abater (vai, vai, vai)  
 Me deixa ao menos respirar  
 Corona para de tentar me aniquilar  
 Eu só queria o meu rabo rebolar
