Intro: **E**

E
Hypnotized

When I'm looking at your blue eyes
They remind me of the clearest skies
I've ever dreamed

And when I sing these words

I'm repeating all the B's and birds

Because they're telling me that the things I've heard, but I'm
yet to see

B
Ooh and everytime

Db
I wake up

A
I pray and

B
I'm right beside you

A **Db** **B**
Looking at the sky

I see the sunset on the eastern side

Because you flip the world around

So what was up is down

Everytime I see those ocean eyes
