

McFly - I'm Fine

```
tom:
               Fb
                                                     Cm
This is where all the cracks appear
     Ab
                     Eb
In my atmosphere, it's hard to breath
           Cm
It's obvious people can be blunt
      Ab
                            Eb
And have sharper tongues than razor teeth
What do you want, do you want from me?
What do you want, do you want from me?
What do you want, do you want from me?
What do you want from me?
Do you wanna see me sad and out of my mind?
                      Cm
                                 Ab
All my friends are all settled and doing just fine
                   Cm Ab Bb
Do you wanna make me mad and hating on you?
                           Ab
Wish I could tell the truth, wish I could say: Fuck you
Say the words and they'll sit with \ensuremath{\text{me}}
            Fb
For eternity, and plague my mind
If your plan was to get to me
                Eb
Well you got to me, I swear I'm fine
What do you want, do you want from me?
```

Acordes

```
What do you want, do you want from me?
