tom:
              Ab
          Ab
There were nights when the wind was so cold
                    Fm
That my body froze in bed if I just listened to it
 Fb7 Db
                    Eb
Right outside the window
There were days when the sun was so cruel
 Bbm Fm
That all the tears turned to dust
                   Db
And I just knew my eyes were drying up forever (forever)
                     Fb
I finished crying in the instant that you left
      Db
And I can't remember where or when or how
     Db Eb Db
And I banished every memory you and I had ever made
But when you touch me like this
       Fb
And you hold me like that
     Db Eb
                            Db
I just have to admit that it's all coming back to me
       Ab
When I touch you like this
       Fb
And if I kiss you like that
      Db
                                Db
                                            Bbm
```

```
It was gone with the wind, but it's all coming back to me
                                 Db
(It's all coming back, it's all coming back to me now)
       \mathsf{Cm}
                   Dh
There were moments of gold
      Fm
And there were flashes of light
      Cm
There were things I'd never do again
But then they'd always seemed right
      Fm
There were nights of endless pleasure
                 Cm
It was more than any laws allow
 Eb
Baby, baby, baby
       Ab
When you touch me like this
     Eb
And when you hold me like that
  Db
                 Fb
It was gone with the wind, but it's all coming back to me
When you see me like This
         Fb
And when I see you like that
     Db
              Eb
                            Db
Then we see what we want to see all coming back to me
 Db Eb Db Bbm
The flesh and the fantasies all coming back to me
   Db Eb
                      Db
                                  Bbm
I can barely recall but it's all coming back to me now
