

McFly - Where Did All The Guitars Go?

tom:
 Capotraste na 1ª casa
 Intro: Am

[Primeira Parte]

Went driving in my car
 Turned on the radio
 I didn't get that far
 I started wondering

[Refrão]

Where did all the guitars go?
 Did they all disappear?
 Where did all the guitars go?
 What is this shit that I hear?
 Who's gonna play for the kids with long hair
 When nobody cares?
 How will they cope with the pain?
 Don't you know that rock n' roll is good for the soul?
 (F Am)

[Segunda Parte]

Wanted to write a song
 (wanted to write a song)
 I booked a studio
 I took a look Around
 And started wondering
 Where did all the guitars go?
 Did someone take them away?

[Refrão]

Where did all the guitars go?
 Now I got nothing to play
 Who's gonna play for the kids with long hair
 When nobody cares?
 How will they cope with the pain?
 Don't you know that rock n' roll is good for the soul?
 Where did the guitars go?

Acordes

Where did the guitars go, ooh-ooh-ooh?
 Where did the guitars go?
 Where did the guitars go?

[Terceira Parte]

I went and played a show
 Thousands of people came
 And as the lights went down
 That's when I realized

[Refrão]

This is where the guitars go
 It's where they'll always belong
 This is where the guitars go
 Now everyone play along
 Oh, they'll always be there
 When no one else cares
 It's how we cope with the pain
 Don't you know that rock n' roll is good for the soul?
 Rock n' roll is good for the soul
 Rock n' roll is good for the soul
 Is good for the soul
 Is good for the soul
