

# Megadeth - This Was My Life

Tom: G

Lying in your bed examining my head

This tab is complete  
 Timing isn't exact, that's hard to do  
 but I did the best I could  
 Solo timing is pretty much exact,  
 but you should still listen,  
 to the CD for it's exact timing.  
 I'm also not sure on some chord names,  
 so I made them up.
