

# Meghan Trainor - Hopeless Romantic

Tom: C

Ever after comes after we meet  
 I think the movies were lying to me  
 Oh my, how they lie  
 Know I'm ready to give you my heart  
 Just gotta find you so we can start  
 Oh yeah, but till then  
 I gotta be patient  
 But I'm tired of waiting  
  
 I'm just a hopeless romantic  
 Looking for love  
 I'd risk it all just to have it  
 I wouldn't take it for granted  
 I'm just a hopeless romantic  
 Not giving up  
 Cause I deserve to find my own  
 I can feel it in my bones  
 Yes, I know you're somewhere close  
 Giving me hope  
  
 Bet we met at a party before  
 You were sweet and held open the door  
 Oh my, I should've said hi  
 So if you're out there  
 And hearing this song  
 Just know I'm here  
 And you're taking too long  
 Baby, come and find me  
 Cause I've been so patient

And I'm sick of waiting  
 I'm just a hopeless romantic  
 Looking for love  
 I'd risk it all just to have it  
 I wouldn't take it for granted  
 I'm just a hopeless romantic  
 Not giving up  
 Cause I deserve to find my own  
 I can feel it in my bones  
 Yes, I know you're somewhere close  
 Giving me hope, oh yes, you are  
  
 Under these stars and under the moon  
 Searching for me and I'm looking for you  
 Show me you're out there  
 Tell me you  
  
 You're just a hopeless romantic  
 And you're looking for love  
 You'd risk it all just to have it  
 You wouldn't take it for granted  
  
 I'm just a hopeless romantic  
 Looking for love  
 I'd risk it all just to have it  
 I wouldn't take it for granted  
 I'm just a hopeless romantic  
 Not giving up  
 Cause I deserve to find my own  
 I can feel it in my bones  
 Yes, I know you're somewhere close  
 Giving me hope
