

Meghan Trainor - Hopeless Romantic

Tom: C

Ever after comes after we meet
 I think the movies were lying to me
 Oh my, how they lie
 Know I'm ready to give you my heart
 Just gotta find you so we can start
 Oh yeah, but till then
 I gotta be patient
 But I'm tired of waiting

I'm just a hopeless romantic
 Looking for love
 I'd risk it all just to have it
 I wouldn't take it for granted
 I'm just a hopeless romantic
 Not giving up
 Cause I deserve to find my own
 I can feel it in my bones
 Yes, I know you're somewhere close
 Giving me hope

Bet we met at a party before
 You were sweet and held open the door
 Oh my, I should've said hi
 So if you're out there
 And hearing this song
 Just know I'm here
 And you're taking too long
 Baby, come and find me
 Cause I've been so patient

And I'm sick of waiting
 I'm just a hopeless romantic
 Looking for love
 I'd risk it all just to have it
 I wouldn't take it for granted
 I'm just a hopeless romantic
 Not giving up
 Cause I deserve to find my own
 I can feel it in my bones
 Yes, I know you're somewhere close
 Giving me hope, oh yes, you are

Under these stars and under the moon
 Searching for me and I'm looking for you
 Show me you're out there
 Tell me you

You're just a hopeless romantic
 And you're looking for love
 You'd risk it all just to have it
 You wouldn't take it for granted

I'm just a hopeless romantic
 Looking for love
 I'd risk it all just to have it
 I wouldn't take it for granted
 I'm just a hopeless romantic
 Not giving up
 Cause I deserve to find my own
 I can feel it in my bones
 Yes, I know you're somewhere close
 Giving me hope
