

Melanie Martinez - Haunted

 I could pull the sheets over my head
 And never get out of this bed
 But what would that do?

I avoid all mirrors
 Cause I'm scared to look into my eyes
 When I only see you

It's like you're always creeping
 On the walls and in my feelings
 All those stories about ghosts
 Are really true

I put one foot
 In front of the other, in front of the other
 Slowly I turn every corner, turn every corner
 Even when you're nowhere in the room
 I'm haunted by you

I light all my candles, light all my candles
 The darkness is too hard to handle, too hard to handle
 Sleeping is just something I can't do
 I'm haunted by you

I can hear you talking in the distance
 Your persistence is so cruel
 And all your words pool at my feet
 And I fall back in love with you
 What can I do?

It's like you're always creeping
 On the walls and in my feelings
 All those stories about ghosts
 Are really true

I put one foot
 In front of the other, in front of the other
 Slowly I turn every corner, turn every corner
 Even when you're nowhere in the room

I'm haunted by you
 I light All my candles, light all my candles
 The darkness is Too hard to handle, too hard to handle
 Sleeping is just something I can't do

We used to be so warm
 But now we're just in a storm
 Slowly freezing up my heart
 We used to be so warm
 But now we're just in a storm
 Slowly freezing up my heart, heart, heart

I put one foot
 In front of the other, in front of the other
 Slowly I turn every corner, turn every corner
 Even when you're nowhere in the room

I'm haunted by you
 I light All my candles, light all my candles
 The darkness is Too hard to handle, too hard to handle
 Sleeping is just something I can't do
 I'm hunted by you
