

Melanie Penn - Ordinary Day

Tom: G

Intro: Eb Ab Eb Bb

It was an ordinary day

I woke up on a wave

I filled a sail

And made my way to the shore

I blew through the center of your town

Came upon your house

Through your window

And I came through your screen door

I asked you

Can you hear me blow?

Though you don't know

Where I'm coming from

Or where I go?

It was an ordinary night

I met some fireflies

I danced around with them

Until about 9 o'clock

Heard your footsteps on the road

I ran to bring you home

And I whispered through the leaves

Up and down your block

Oh I'm a summer breeze

I brush across your cheek

I have always been

And I will always be

You can hear me blow

Although you don't know

Where I'm coming from

Or where I go

It's me when you catch the fragrance of spring

When tall trees sway

It's me in the cold winter sting

In the alleyway

I am the sigh

While all creation groans and waits
(Ab Gm Fm Bb)

You can hear me speak

If you're listenin'

I will always be

And I have always been

You can hear me blowin'

Although you don't know

Where I'm coming from

Or where I go
