

Memi - Bitter Heart

Tom: **G**

Suddenly you **Am** look like a stranger
F
A phase I knew, but I must've forgotten
Dm **E**
Emotional flicker, you were my everything
Am
We know we could've done it better
F
Fought for the little things that we wanted
Dm
I know we were so good together
E
Still, you had to let go
Am
Oh, I wish that you hadn't pulled the trigger
F
Shot me down with my bitter heart
Dm
My blood is getting thicker
E
You shot me down, you shot me down
E **Am**
With my bitter heart
Am
You swam so deep into my river
F
Your footsteps lead everywhere I go
Dm
I never was a weeper
E
But I'm still holding on
Am
We know we could've done it better
F
Fought for the little things that we wanted
Dm
I know we were so good together
E
Still, you had to let go
Am
Oh, I wish that you hadn't pulled the trigger
F

Shot me down with my bitter heart
Dm
My blood is getting thicker
E
Oh, you shot me down, you shot me down...
Am
Oh, I wish that you hadn't pulled the trigger
F
Shot me down with my bitter heart
Dm
My blood is getting thicker
E
Oh, you shot me down, you shot me down
E **Am**
My bitter heart
F **Dm** **E**
Ooooooh, ooooooh, ooooo
Am **F**
Oh baby, look at me just one more time
Dm
Tell me that you don't regret it
E (toque único seguido de pausa)
I really thought we were fine
Then you shot me down
Am
Oh, I wish that you hadn't pulled the trigger
F
Shot me down with my bitter heart
Dm
My blood is getting thicker
E
You shot me down, you shot me down
Am
Oh, I wish that you hadn't pulled the trigger
F
Shot me down with my bitter heart
Dm
My blood is getting thicker
E
You shot me down
E
You shot me down
Am
With my bitter heart
