

Men At Work - Everything I Need

Tom: E

E Abm A B
 Moving up and down and from side to side
 E Abm A B
 With so many things to do
 E Abm A B
 I want to go again I want another ride
 E Abm A B
 This time should see it through
 E Abm A B
 We never realised as the years rolled by
 E Abm A B
 No we never really had a clue
 E Abm A B
 But we knew one day we'd come alive
 E Abm A B
 And in the end there's me and you
 E B A B
 My babe, she gives me everything
 E B A B
 She gives me everything I need
 E Abm A B
 When the winter comes and the cold sets in
 E Abm A B
 As this city's prone to do

E Abm A B
 They forecast heavy seas and gale force winds
 E Abm A B
 That's really nothing new
 Abm
 When I'm falling down
 Gbm
 Deeper than the underground
 Abm A
 My thoughts race back to you
 Again and again
 E B A B
 My babe, she gives me everything
 E B A B
 She gives me everything I need
 E Abm
 And if you think us fools
 A B
 And you criticize
 E Abm A B
 Then my friend the joke's on you
 E B A B
 My babe, she gives me everything
 E B A B
 She gives me everything I need.
