

Meredith Edgar - Tidal Waves

tom:
 Abm (forma dos acordes no tom de Am)
 Afinação: Eb Ab Db Gb Bb Eb
 Intro: Am C G E F

And I'm breathing quiet
 But then here you come
 With your snake's tongue
 And on whatever you prey
 I got some
 Cause oh
 Maybe I'm damned
 To be sad
 With monsters and men
 Cause the places I've been
 My dreams are awful bad

[Primeira Parte]

Who are you
 Coming in so close
 So close you might scare me away
 Well I think I know
 Your face, your smell
 The beat
 Of your heart against mine
 But oh, there's no escape
 Guess you're here to stay
 Goodbye to the day
 I'll hide in my dreams
 Wrapped up in tidal waves

[Solo]
 So, tonight
 I'll take my leave
 Strike this bleeding heart from my sleeve
 Drown me on
 The ocean floor
 When I choke on salt
 I'll beg for more
 Cause oh
 There's no escape
 Guess you're here to stay
 Goodbye to the day
 I'll hide in my dreams
 Wrapped up in tidal waves

Oh, the night
 Is your favorite time
 All's dark
