

Michael Bublé - Whatever It Takes

```
Intro: Gm Cm Gm Cm Fm Bb
                       Δh
We've all been hurt by love
It's out of our hands
But for all it's worth
I'm drawing a line in the sand
Another morning just won't do
I need your love to shine on through
Or it won't be new
Whatever it takes, my love, I'll find it
Whatever it takes my love
To put the lonely days behind us
I'm laying it down
                             Bb
Whatever it takes my love
If there's a chance
       Ah
For two hearts to celebrate
To blow out some candles
               Fm
And tempt the hands of fate
                                         Bb
You make a wish, I'll make one too
But close your eyes love when you do
```

```
Or it won't be true
Whatever it takes, my love, I'll find it
Whatever it takes my love
To put the lonely days behind us
I'm laying it down
                             Bb C
Whatever it takes my love
(C)
               Dm
'Cos I've been wandering 'round
        Em
With the same old blues
               Dm
That have been dragging me down
If you feel the same way too
                   Gm
Maybe it just takes two
Interlúdio: Gm Cm Gm Cm Gm Cm Fm Bb
Verso 3:
( Eb Ab Fm )
And if we give thanks
For our love at each new dawn
We'll find the strength
And the will to carry on
(Bb Ab)
The sun alone will never do
Without your love to shine on through
It just won't be new
Whatever it takes, my love, I'll find it
Whatever it takes, my love
To put the lonely days behind us
I'm laying it down
Whatever it takes, my love
