

Michael Corcoran (Sam e Cat Theme Song) - Just Fine

Tom: C

I'm never that far
 No matter where you are
 Believe it
 We can make it come true
 We'll do it our way
 No matter what they say
 'Cause no one's gonna do it for you
 Ooh, ooh, yeah
 But I-I-I-I, I'll never say never
 As long as we keep it together
 Er-er-oh

Refrão:

If you're living a dream
 And you know what it means
 Then you can't
 Let 'em change your mind
 It's the life that we choose
 And we still break the rules
 But it's all gonna be just fine
 And while all we need
 Is just to make believe
 Yeah everything
 Begins when you do
 Just got to let go
 Cause your original
 And no one else can do it like you, ooh, ooh, yeah
 But I, I, I, I, I'll never say never
 As long as we keep it together
 Er-er-oh

Refrão:

If you're living a dream
 And you know what it means
 Then you can't
 Let 'em change your mind
 It's the life that we choose
 And we still break the rules
 But it's all gonna be just fine
 Yeah we're all gonna be just fine
 Just fine
 And if you are misunderstood, just think of your life
 Don't feel bad it's the times we've had were free...

Refrão:

If you're living a dream
 And you know what it means
 Then you can't
 Let 'em change your mind
 It's the life that we choose
 And we still break the rules
 But it's all gonna be just fine
 Just fine...
 If you're living a dream
 And you know what it means
 Then you can't
 Let 'em change your mind
 It's the life that we choose
 And we still break the rules
 But it's all gonna be just fine
 Yeah we're all gonna be just fine
 You and me, we're going to be just fine.
