   Each time the wind blows I hear your voice so,
                                                      I call
                                                                    You know how I feel, I won't stop until
                                                                    I hear your voice saying "I do!" "I do !"
    Whispers at morning, our love is dawning, heaven's glad
                                                                    This thing can't go wrong, this feeling's so strong,
you came.
                                                                    well, my life ain't worth living, if I can't be with you.

                                                                                                      I just can't stop loving

    this time it's forever, love is the answer.
                                                                   And if I stop, then tell me just what will I do ?
   I hear your voice now, you are my choice now,
                                                                    I just can't stop loving you.
