

# Michael Jackson - Monster

Tom: Eb

( Cm )

You can look at them coming out the walls  
 You can look at them climbing out the bushes  
 You can find them when the letter's bout to fall  
 He be waiting with his camera on focus  
 Everywhere you seem to turn  
 there's a monster  
 When you look up in the air there's a monster  
 Paparazzi got you scared like a monster

He's coming at ya  
 Coming at ya rather too fast  
 Mama say mama got you in a zig zag  
 And you're running  
 And you're running just to escape it  
 But they are gunning for the money  
 So they fake it  
 Everywhere you seem to turn  
 there's a monster  
 When you look up in the air there's a monster  
 When you see them in the street  
 that's a monster
