

Michael Jackson - Monster

Tom: Eb

(Cm)
 You can look at them coming out the walls
 You can look at them climbing out the bushes
 You can find them when the letter's bout to fall
 He be waiting with his camera on focus
 Everywhere you seem to turn
 there's a monster
 When you look up in the air there's a monster
 Paparazzi got you scared like a monster

(Too bad)
 Oh oh Hollywood it's got you jumping like you should

It's got you bouncing off the wall

It's got you drunk enough to fall

(Too bad)
 Oh oh Hollywood just look in the mirror

And tell me you like

Don't you don't you like it

Monster
 He's a monster
 He's an animal

Monster
 He's a monster
 He's an animal

(Cm)
 He's coming at ya
 Coming at ya rather too fast
 Mama say mama got you in a zig zag
 And you're running
 And you're running just to escape it
 But they are gunning for the money
 So they fake it
 Everywhere you seem to turn
 there's a monster
 When you look up in the air there's a monster
 When you see them in the street
 that's a monster

(Too bad)
 Oh oh Hollywood it's got you jumping like you should

It's got you bouncing off the wall

It's got you drunk enough to fall

(Too bad)
 Oh oh Hollywood just look in the mirror

And tell me you like

And tell me you like what you see
 Monster

He's a monster
 He's an animal

Monster
 He's a monster

He's an animal

Why are they, never satisfied, with and all you give

(You gave them your all)

(They're watching you fall)

And they eat your soul

(rap)

(Too bad)

Oh oh Hollywood it's got you jumping like you should

It's got you bouncing off the wall

It's got you drunk enough to fall

(Too bad)
 Oh oh Hollywood just making it clearer

And tell me you like

Don't you don't you like it

Monster
 He's a monster
 He's an animal

Monster
 He's a monster

He's an animal

Monster
 He's a monster

He's an animal

Monster
 He's a monster

He's an animal
