

# Michael Kiske - We Got The Right

tom:

**G**

**Dm**  
Don't turn your head

Back to the wall

**Bb**  
Don't close your eyes

**Dm**  
And wait for your fall

**Am**  
If you believe that you know in this time  
You've got anything to win

**G Am**  
If you believe that you know

Then I say, "You'll lose all again" **F**

**G Am**  
In this time there's nothing to get for you

**G Am**  
You cannot really do what you want

**F E**  
You're a child, a prisoner in your mind

**F E D**  
You are a victim of this hopeless time

( **Am** )

**Am**  
You better believe all you do has a sense

**Am**  
You better believe all the troubles you have

**F**  
Will play you someday

**G Am**  
Why don't you help yourself and do the best

**G Am**  
Put all the bombs back up their builders' ass

**F E**  
Why don't you stand up to say who you are

**F E D**  
To show the people that paradise is not far

**Em G**  
Oh, can't you see we got the right

To look into the future without no need to hide  
**C G**  
No, we won't accept what you do  
**A**

**D**  
We stand up 'cause we're not the people you can abuse Ooohh

**Em G**  
Oh, can't you see we got the right

**A B**  
To say we are here to see the light

**C G**  
No, we don't wanna lose all again

**A**  
Stand up, you people, to save the world

**D**  
As good as you can

**Am**  
We are credulous idiots  
And won't understand what they plan

**G Am**  
We march with the times

**G Am**  
Why don't you open your eyes

**G Am**  
To undercover all of these lies

**F E**  
I think you won't accept this

**F E**  
Go oppose with your fist

Fight for your rights

**Em G**  
Oh, can't you see we got the right

**A B**  
To say we are here to see the light

**C G**  
No, we don't wanna lose all again

**A**  
Stand up, you people, to save the world

**D**  
As good as you can

**C G**  
No, we don't wanna lose all again

**A**  
Stand up, you people, to save the world

**D C G**  
As good as you caaaaaaan
