Michael Kiwanuka - Light

```
                              tom:
                         C
Intro: C7M  Gm7

C7M                Gm7
We're miles apart
                      C7M
But safe from dreams
                    Gm7
You're running from
C7M             Gm7
Beyond the dawn
                  C7M
We'll always need
            Gm7
One of their own
     G#7M
To lead

          Gm7           F
Shine your light over me
G#7M      Gm7         F
All of my fears are gone

Baby, gone, gone
G#7M    Gm7         F
And it don't bother me
G#7M     Gm7         F
If it's not meant to be
C7M           Gm7
Too far to run
                   C7M
Fall on your knees
            Gm7
To find a love

C7M               Gm7
You're light for me
            C7M
My only Sun
               Gm7
You'll always shine
```
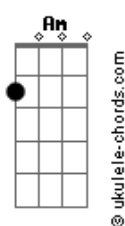

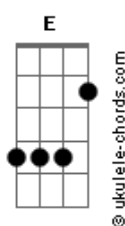

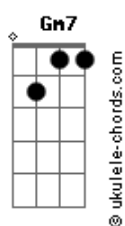

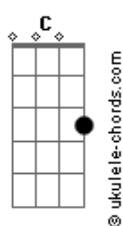

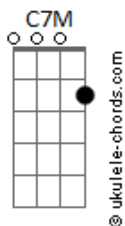

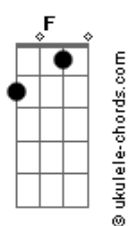

```
For me
            Gm7         F
Shine your light over me
G#7M      Gm7       F
All of my fears are gone
G#7M      Gm7       F
And it don't bother me
G#7M      Gm7       F
If it's not meant to be
G#7M      Gm7         F
Shine your light over me
G#7M      Gm7       F
All of my fears are gone
G#7M      Gm7       F
And it don't bother me
G#7M      Gm7         F
If it's not meant to be

( E   Am   Am  F#m-  F )

Am                   Am
I had to lose to understand
F#m-                  F
Strung out from all this
Am                   Am
Pour out a thousand tears
            F#m-      F
I never knew a kinder man

Am
Even if we're
   Am        F#m-
A mile apart, even if we're
  F           Am
A mile apart, even if we're
   Am        F#m-
A mile apart, even if we're
  F           Am
A mile apart, even if we're
  Am         F#m-
A mile apart, even if we're
  F
A mile apart
```

G#7M
