Do You Dream Of Me
Michael W. Smith

Em Am
Dreams within the still of night
On wings of hope take flight inside of me
Em Am
There upon some distant shore
D G D
We want for nothing more than what will be

And you and I, here we are

I wonder as we come this far

If I could only read your mind

Tell me the answer I would find
D G
Do you dream of me

And when you're smiling in your sleep

Beyond the promises we keep
D G

Love has found a magic space

A deep and hidden place where time stands still

Now I hold you in my arms

You know you hold my heart and always will
