

# Michiru Oshima - You Were There (ICO)

Tom: G

Intro: Em C D Bm  
Am Bm E Em

The island bathes in the sun's bright rays  
Distant hills wear a shroud of grey  
A lonely breeze whispers in the trees  
Sole witness to history

Fleeting memories rise  
From the shadows of my mind  
Sing nonomori - endless corridors  
Say nonomori - hopeless warriors  
You were there  
You were there

Am I forever dreaming  
How to define the way I'm feeling

You were there  
Countless visions they haunt me in my sleep  
You were there  
Though forgotten all promises we keep

[Solo] F D F  
D Bb G

Bb G A B

Slaves to our destiny  
I recall a melody  
Sing nonomori - seasons lit with gold  
Say nonomori - legends yet untold  
You were there  
You were there

Happiness follows sorrow  
Only believing in tomorrow  
You were there

Countless visions they haunt me in my sleep  
You were there  
Though forgotten all promises we keep  
The island bathes in the sun's bright rays  
Distant hills wear a shroud of grey  
A lonely breeze whispers in the trees  
Sole key to this mystery
